LOCAL MINING REVIEW. the Week Ending Jan. 10, 1874.

In our rounds yesterday gathering data upon which to base a review of the mining situation in Ely District, we were gratified to observe an incresed activity in mining enterprises generally, with a corresponding increased faith in the future of the camp. The holidays fairly over, work has been resumed in real good earnest, and the week just closed has been cheracterized by activity an energy in the various branches of mining. A strike made in the Caroline mine had the effect to run the stock of that mine up to the extent of 500 or 600 per cent. A slight depression was observed yesterday, but those best fitted to judge correctly regard the new development in that mine as a permanent one. Aside from the strike in the Caroline nothing has occurred to create any special interest, but the confidence expressed and felt in the mines of the district generally affords justification for the investment of capital and for persistent efforts looking to the rapid development of our mines. Our review this week comprises notices of all the principal mines from which reports could be obtained. Pioche stocks have held their own this week in the San Francisco Stock Board. The San Juan excitement continues, and parties are preparing from time to time to try their fortunes in the regions in Southwest Colorado.

MEADOW VALLEY.

Work in this mine is progressing regu-larly in the several drifts and shafts. No. 3 shaft is down 130 feet below the tenth station, and a drift has been started from the eleventh station. The west drift on the tenth station is in 104 feet. and continues as promising as when we noticed it last week. The east drift on the ninth station is in 425 feet. The fet. A winze has been sunk from that drift down to the vein—65 feet. The east drift on the 520-foot level is in 563 et, and in less than 30 feet it is expected that the body of ore being worked from the 620-foot level will be inter-sected. The Summit shaft is down 900 feet, and sinking is progressing. Owing to the continued bad state of the roads the ore dump has not yet been cleared. WASHINGTON AND CREOLE.

Since our last review nothing of any Since our last review nothing of any special interest has transpired. Sinking on the winzes is progressing well, the ore in the bottom—rich chloride—being from one and a half to two feet wide. Connection has been made between the prospect and west winzes by a dwift, giving greater circulation of air and more thoroughly ventillating the mine. Same number of men as at previous report still employed. The Mazeppa shaft is being employed. The Mazeppa shaft is being sunk rapidly under contract let last week. PLOCHE WEST EXTENSION.

Sinking the winze on the south vein, and drifting east on the same. The appearance of the mine was never better, giving promise of being a producing one in a very short time. Nearly all of the steck is in the hands of its original locators, who hold it in the belief that the mine will richly reward them for their investment.

RUBN AND BUNG

Still running the main drift, which will cut the vein in a short distance at a depth of 1,000 feet, vertically, below the surface of the ground. The drift is in pure quartzite, and looks as encouraging as it is possible for it or any other view to the contract of the co

Depth of shaft 700 feet. At the bottom of the shaft a ledge two feet wide has been struck. Assays of ore taken from this point, \$125 to the ton. Sinking five feet per day on the ledge. Tracings are made to within 200 feet of the

Work progressing satisfactorily, and with encouraging indications. No par-ticular change has taken place during the week

CONDOR AND SILVER PRAK. Mr. Yule, the Superintendent of these mines, having started to California yes-terday, we have no report from either.

PAGE AND PANACA. Still working away energetically and under favorable auspices. No particular

Still working, but without any change in its general aspect since our previous

AMERICAN PLAG.

The principal work during the week has been in putting up a station on the ninth level. Book hard and progress slow. SPRING MOUNT.

Work will be resumed as soon as the weather will admit of it.

CHIEF BAST. Stoping ore from the 224-foot level. The ore is of a very good quality.

ALPS. Taking out ore constantly. Work pro-BOWERY.

Drifting continues, with no marked change since our former review.

PORTLAND. Taking out some ore at the old station. ifting continues.

NEVADA CENTRAL BAILWAY .- We visited the Nevada Central Railway yesterday, and found it in good working order throughout. The new scales at the head of Meadow Valley street weigh fifteen of Meadow Valley street weigh fifteen tons, are 34 feet long and 7 feet wide, and laid on heavy stone work. A new track is to be laid on the scales so that four car loads may be weighed at once. Superintendent Nesbitt has moved the main track further out, and a double track has been arranged, so that trains may be switched off the main track on to the scales whenever desired. This will be a great saving of time and labor, and facilitate the transportation of ore very materially. Trains arrive and depart on schedule time.

THE SOIT FOR DAMAGES .- Our District Court has been occupied during the entire week on the case of Farley vs. Pelsenthal, growing out of injuries sus-tained by plaintiff in consequence of a powder explosion in defendant's store. Yesterday afternoon the case was given to the jury, and soon after a verdict for defendant was returned.

Day Valley.-There is from 12 to 15 agrees difference in the temperature at Pioche and in Dry Valley, it being much colder in the valley. A gentleman who came up from the Meadow Valley mill yesterday morning says when he got to Ham Light's station he found everything froze hard. As he neared Pioche the tamperature moderated, and signs of thawing presented themselves.

THE ROUTE.-As people are going to San Juan, it may be well to give them all the information we can obtain about the route. A gentleman yesterday suggested the route from Fillmore, Utah, by the old Ute trail, by which Lieut. Wheel-er says the San Juan mines can be reached in 150 miles from Fillmore. Distance from Pioche to Fillmore by the stage road, about 180 miles.

AN ERROR CORRECTED. - In spite of the atmost care, a mistake will occasionally find its way into a newspaper in the best regulated offices. Yesterday we erro neously stated that the old Trustees of the Lightner Hook and Ladder Company had been re-elected; but after more cor-rect information we make the necessary correction. C. Wiederhold was re-elect-ed, and Russ. Scott and O. P. Sherwood

FIREMEN'S BALL.-We are reliably informed that Lightner Hook and Ladder Company intends celebrating Washington's next anniversary by a grand ball at Brown's Hall. As the anniversary (the 22d of February) falls on Sunday, the ball will take place on Monday evening, the 23d. The particulars will be an-nounced in a few days.

DELATS ARE DANGEROUS.—We are reminded of this old saying by the rapidity with which H. Michaels is disposing of his superior stock of eigars, tobacco, etc. If you want good bargains, go at once and make a purchase, for the stock may all be sold while some dilatory "hom-bre" is making up his mind to purchase.

HAVE WE A GRANGER AMONG Us .- So it seems from the fact that Mrs. Richards will to-morrow afternoon open the Granger Chop House, on Lacour street, in the building formerly used for the Postoffiee. It promises to cater to the public taste with the utmost satisfaction.

FOR SAN JUAN,-This morning or to morrow, Dominick Tarpey and E. S. Williams (Scotty) leave Pioche for the San Juan country. They are to overtake Finley and Jones, who left yesterday, and the four will proceed by the way of Prescott, Arizona

For a supply of late periodicals, pictorials and newspapers we are again indebtto Charley Wiederhold. His stock comprises everything in the line of light reading, and much of more substantial nature. Go to Wiederhold's and lay in a supply of good Sunday reading. Yestenday the weather was raw and

disagreeable, with indications of snow or rain. The sun being shut out by a heavy fog or clouds thawing was not as rapid as on the preceding day. CALIFORNIA BUCKEYE FLOUR at \$6.50

per hundred at Ike Phillips' store, next to Felsenthal's, Main street. jal1-2t Tuz trial pending in the Justice's

Court on Friday evening resulted in a verdict of acquittal by the jury. PRITCHARD's line is coming in regular

DR. GIBBON has the pleasure of sanouncing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for alleviating human suffering.

Seminal Weakness.

Seminal emission is consequence of selabuse. This solitat, vice, or depraved sexua.
Indivigence, is practiced by the youth of both
sexes to an almost unlimited extent, producing
with unerring certainty the following train of
morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance,
dark spots under the cyce, pain in the head, ringing in the ears, noise like the rustling of leaves
or ratiting of chariots, unessiness about the
lotts, weakness of the limbs, confused vision,
blunted intellect, loss of comidence, diffidence
in approaching strangers, a disjust to form new
acquainfances, a disposition to shun society,
less of memory, pimples and various etuptions
about the face, heatic flushes, furred tongue,
fettid breath, coughs, consumption, night sweats,
monomania and frequently insanity. If relief
be not obtained, you should apply immediately,
either in person or by letter, and have a cure
effected by his new and scientific mode of treating disease, which never fails of effecting a quick
and radical cure.

Curred at Home.

ing disease, which never fails of succing a quick and radical cure.

Curred at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curtosity, to any part of the country, with full and plain it rections for use.

Persons writing to the Doctor will please statithe name of the paper they see this advertisement in.

By enclosing \$10 in coin in a registered letter through the Postoffice, orthrough will be forwarded to any part of the Union.

Saturday, the 31st Day of January,

PIPIFAX. THE ROSICRUCIANS WERE A SECT OF Philosophers who flourished in Germany during the seventeenth century, and prosecuted profound researches into Natural Science and Occult Philosophy, and sought to discover the

ELIXIR OF LIFE. Although some superstition may have been developed among them and other Alchemists in search for the Elixis Vite, yet there is scientific truth at the bottom of all Alchemy and Astrology. They were impressed with the properties of HERBAL PREPARATIONS.

And found dynamic and psychologic force in the extract of certain plants. PEPERAX Is due to the researches of a learned scholar of Europe among the archives of the Rosicracians. It is made of TWENTY DIFFERENT HERBS,

Gathered at such seasons of the year when their juices are strongest and virtues unimpaired, forming a combination unrivalled in the materia medica. PIPIFAX

Is an enemy to all corruption—it assists and fortifies Nature. Its manner of operation is to Drive to the Extreme Parts Drive to the Extreme Parts

And through the pores of the skin and all
emunctories of the body, the bad humors which
molest it, giving relief even in diseases the
most refractory and difficult to cure, such as
Neuragias, Dyspepsia, Constipation, Sick Headache, Nervous Weskness and Billioussess. It is
pleasant to the taste, mild in its action, mavelous in its effects and unsurpassed as a tonic.
Used as a beverage in malarious districts it notied by all Druggists, Crocers and Liquor
dealers. Depot 40 Front street, San Francisco,

Notice to Lien Holders.

IN THE DISTRICT COURT OF THE SEV-enth Judicial District, in and for Lincoln county, Nevada. county, Nevada.

O. P. Sherwood and William H. Sherwood,
Plaintiffs, against Thomas F. Hanley, K. J.
Hanley, J. N. Williams, James Shea, A. Bocqueras, and R. McKee, and G. W. Chesley, and
J. S. Jones, Defendants.

queras, and R. McKee, and G. W. Chesley, and J. S. Jones, Defendants.

Notice is hereby given that O. P. Sherwood and William H. Sherwood, plaintiffs above named, have commenced an action in the above-entitled Court, against Thomas F. Hanley and others to enforce a lien for the sum of seventeen hundred sixty-nine and seventy-eight one hundredths dollars, gold cois, and interest theteron from July 9th, 1873, against that certain two-storied brick and stone building and the lot on which the same stands, situate on the south side of Meadow Valley attreet, adjoining on the west the premises now occupied by F. W. Cluie; the said lot fronting twenty-five feet on said Meadow Valley street and extending back in a southerly direction, at right angles to said street, one hundred feet, more or less—thrown as lot nine in block twenty-five)—and being the premises on which stands that certain brick and stone building known as and called Armory Hall.

Said lien is claimed under and by virtue of an Act of the Legislature of the State of Newada, approved March 4th, A. D. 1871, and all persons helding or claiming liens against or upon said premises, under the provisions of said Act, are hereby notified to be and appear before said Court at the Court House in the town of Plochs on

A. D. 1874, at 10 o'clock a. m. of mist day, the same being a day of a regular term of mist dours, and to exhibit then and there the proofs of their said liem, as provided in said Act.

And all liem not then so exhibited and proved will be desimed waived in favor of those liens as exhibited and proved, as in said Act provided.

OF RHERWOOD.

BISHOF & SARIE, Plaintiffs' Attorneys.
